PROCESS YOUR WASTE ON-SITE

HEALTH-CARE WASTE SHREDDED AND STERILIZED IN NO TIME

[Set up a meeting with our team at MEDICA](#)

- 1 Load the waste into your STERIPLUS™ (available in 20L and 40L)
- 2 Push the START button (Fully Automated Cycle)
 - Shredding phase (into small pieces <1cm)
 - Decontamination process (Steam Sterilization at 135 °C for 10 min.)
 - Discharge of sterilized effluents into the sewer
- 3 Unload the sterilized solid waste and dispose of it in the regular garbage.
